Fields Committee Meeting Notes 8-5-15

In attendance was Terry Holland , Scott Young , Chuck Gray , Stephen Vetere , Derek Wessel , Dave Johns

Mcevoy field update- On 8/6/15 Terry , Rick Green , Chuck and Derek walked the field Every thing looked great but all felt that the fence behind the bench and the netting at the play area was needed before softball could start. We also found problems with the irrigation system that Terry will call D P W about

Dale street- Derek and Rick Green spoke to the problem of balls leaving the playing field...Rick will get cost of 8ft fence on hill side and cost on poles and net on other side this will put this field 100% on line for all ages. At our net meeting we will vote on how to pay for this work and get this field on line as soon as possible

Sharpners pond - Well is fixed...Going foreword we need a fence around well area with some kind of pad , Soccer and Baseball take over managing the system in terms of opening and closing and the day to day settings . Who is paying for the pump work ? We would like to see the fence and pad payed for with the maintenance money. Rick Green will get price and we will vote next meeting

D P W needs- Baseball-Nets down and turn off water (need water till Nov will call)

Soccer-Turn off water (will call)

NABC-Turn off water and will need more trash barrels at High football field 8/31(needs water at middle school and Grogans till late Nov)

Submit of field requests- All notified

Maintenance of school field in the summer- Group talked about this for next year will go back to there leagues and report back next meeting

League policy on complaints- Everyone understands policy and will reinforce it with there people
